MCHD INTRODUCES ONLINE “PERSON IN CHARGE” TRAINING
MORGANTOWN, WV – MAY 30, 2017

The 2005 FDA Food Code requires a qualified person-in-charge (PIC) to be present at all times within every food establishment. The Monongalia County Board of Health requires the PIC to complete the PIC training or the Manager's training course. For those who wish to take the PIC training, the MCHD offers a course designed to teach the basic knowledge required to comply with that requirement at the health department training center.

MCHD is pleased to announce that the PIC training is now available online. The course costs $50. It takes about four hours to complete and there is a test to be taken at the end of the course. Information on the course, a preview video and enrollment information can be found at:
